

## Directions

### SETsquared Centre Bath

**By rail:** Exit Bath Spa station and turn left. Follow the road around, passing the bus station, and after 50 metres when you find yourself by Churchill Bridge. Carpenter House Innovation Centre and the SETsquared Centre can be found directly opposite.

**By bus:** Exit the bus station and turn left. Follow the road around and very shortly you will find yourself by Churchill Bridge. Carpenter House Innovation Centre and the SETsquared Centre can be found directly opposite.

**By air:** Bristol International is the closest airport to Bath and is about 20 miles away. There is a frequent express coach service from the airport to Bristol Temple Meads rail station and Marlborough Street bus station, from where frequent trains and buses go to Bath. On arrival use 'by rail' directions.

**By road:** Approaching from the M4, leave the motorway at junction 18 and follow the A46 south 8 miles along the dual carriageway to the Bath exit. Follow signs for Bath Spa railway station. Cross the river via Churchill Bridge and you will be facing Carpenter House Innovation Centre and the SETsquared Centre.

As we do not have any parking spaces available at the centre please follow the road round to the left (keeping in the right-hand lane), take the second right around the multi-story car park and park in either Avon St car park (pay & display) or continue following signs to the railway station and park in Southgate car park (pay on exit) . There is a loading bay which can be used with a permit (available from Reception) for up to 20 minutes for loading and collection.

If you are **cycling** to The Innovation Centre we have a limited number of cycle racks situated on the left hand side as you go through the archway to the right of our main entrance.
